

Join the Realtors' Grassroots Political Networks Today!

An important part of Realtors' political influence and lobbying strength is the ability to mobilize a strong grassroots response from Realtors. Calls to Action requesting our membership to write their elected officials are essential to Realtors' legislative success.

It is imperative that all Realtors register with:

NAR's Action Center at www.naractioncenter.com for federal issues; and

OAR's Voter Voice at www.ohiorealtors.org/protecting_the_american_dream for state issues.

Each website enables you to send a pre-drafted letter to your legislators within seconds. You will also have access to issue summaries, lists of legislators, and other legislative updates.

Please register today and help us to strengthen our grassroots efforts. Once registered, you will be able to respond to future Calls to Action quickly.

For additional information, please call Mike Mercurio, Director of Governmental Affairs for the Cincinnati Area Board of Realtors at 842-3014.
